CAREER OBJECTIVE

To play a key role in an organization where I can contribute to the progress of the company, demonstrate my skills and to gain maximum exposure to the emerging technologies.

SKILLS

Programming	**Python, Flask, REST API's**
Web technologies	**HTML, CSS, SCSS, Boootstrap, JavaScript**
Operating systems	**Windows, Linux**
Other	**Cloud Computing, Computer Networks (Basics)**
Tools	**Visual Studio Code, Postman, Adobe Xd**
Methods	**Agile**

ACHIEVEMENTS

- Demonstrated our SDWAN solution to a customer and succeeded in convincing them about the value add we bring in, which resulted in their collaboration with us. This was also considered as a major mile stone.
- Won 'Emerging Player' award during my initial days of work for my enthusiasm towards learning new things and the energy I bring in to the team despite working from home.
- Winner of 'Fit-Feb' event conducted in our organisation for burning most calories in the month of February.
- Our Cricket team won "Cricket Championship" during Graduation under my captaincy.
